

Consultancy Services for Hawke's Bay and beyond!

The time has gone when Hawke's Bay businesses have to look at consulting firms out of town for top quality candidates.

dynamics3 has many highly qualified personnel on its books, including:

-

Chief Executive Officers

-

General Managers

-

Engineers

-

Architects

-

Sales and Marketing specialists

-

Regional Managers

-

Accountants

-

Health Sector Workers

-

Creative people like Website Developers and Writers

-

Scientists

-

Academics

-

Human Resource Management

-

Local Government personnel

Some are looking for permanent work, others for short-term appointments, for management or professional contracts.

dynamics3 will source staff off-shore should the local/New Zealand recruitment campaign not give the desired result.

Essentially, dynamics3 offers a comprehensive service from pre-recruitment to post-employment counselling and anything inbetween requiring HR. Each of the dynamics3 personnel has specialist areas.

Clients we have screened and interviewed top-level candidates for, often ask for dynamics3 to take part in, or lead, the interview process. A service dynamics3 is pleased to provide.

Due to our consultancy and business expertise, city employers outside of Hawke's Bay are now looking to dynamics3 for assistance. We have, therefore, helped Senior Management candidates find employment outside of the region. Although we like to keep skilled people in Hawke's Bay, and we acknowledge that many come here for our beautiful weather and lifestyle, sometimes commuting to larger cities is the only option for career progression.
